

Sponsorship Opportunities & Business Donations

Seeking community partners to support our mission

Building Student Leaders Through Service, Character, and Achievement

Who We Are:

Central Alabama Christian Beta Club is a homeschool-based chapter of the National Beta organization, dedicated to developing students in leadership, academic excellence, and community service. Our students actively serve our community and compete at the state and national level in academic, fine arts, and performance events.

2025-2026 Highlights:

Our students proudly represented our community at the state level, with:

- 70 active members
- 21 top placements across multiple categories
- 36 students competing at Nationals in June
- 2750 hours of community service

Why It Matters:

Participation in Beta Club provides students with opportunities to:

- Develop leadership and confidence
- Serve others in meaningful ways
- Grow academically and creatively
- Represent our community at the state and national level

Why Support Beta:

Your support directly impacts local students and helps our club continue building the next generation of leaders. Funds will help offset competition costs, service projects, and club operations.
